

Lititz Historical Foundation GROUP TOUR INFORMATION

In 1756 the Moravian's established a closed Congregational Settlement in Lititz Pennsylvania. In 1961, a dedicated group of Lititz citizens combined their efforts to preserve the rich history of the area with the purchase of the Johannes Mueller House and later the Christian Schropp House establishing the Lititz Historical Foundation.

The museum, housed in the 1793 Christian Schropp home, provides the visitor a history of the evolution of Lititz through plaques in the timeline room. Other displays throughout the building exhibit the rich history of Lititz over the years. Our Gift Shop offers items of historic nature, many of which are hand made in the area or within Pennsylvania. Next door, one of our costumed docents will guide you through the Johannes Mueller House with a glimpse of life of the local tradesman and his family living in a closed community in the 18th century.

Fees:

- \$6.00 per person – No charge for group organizer or bus driver.
- \$25.00 reservation fee upon agreement of tour date. This is a Non-Refundable fee and is NOT included OR deducted from the per person total fee and is maintained by the Foundation if tour is cancelled.
